

# Building Schools for the Future

## Notre Dame Catholic High School Planning Brief Consultation

We would like to invite you to a workshop to discuss the draft planning brief for the Notre Dame Catholic High School site. This is a public event with everyone welcome.

The planning brief will set out the planning and design guidelines and principles for future refurbishment and/or extension of the school under the Building Schools for the Future programme. It will not show actual designs for the new building. The building will be designed at a later date by architects who will carry out further consultation before submitting a planning application. The brief will identify the relevant planning policies that the development proposals must comply with.

A draft of the planning brief will be available for people to read from 28<sup>th</sup> September at:

- Broomhill Library, Taptonville Road
- First Point, Howden House
- the Council's website at

<http://www.sheffield.gov.uk/planning-and-city-development/urban-design--conservation/schools>

A public meeting will be held at Hallam Methodist Church, Fulwood Road, Nethergreen On Thursday 1<sup>st</sup> October 2009 at 7pm

If you have any comments about the brief, please e-mail
